EXPERIENCED AND PASSIONATE ABOUT :
==
HTML5 | CSS | RUBY | GIT | VSCODE | DATA SCIENCE | ARTIFICIAL INTELLIGENCE | REACT | JAVASCRIPT | RUBY ON RAILS | PHOTOSHOP | IMOVIE |
==

PROFESSIONAL SKILLS AND INTERESTS

- **Front-end Development**
- **Back-end Development**
- **Data Science**

- **Version Control**
- **Artificial Intelligence**
- **Responsive Web Design**

EDUCATION

Diploma of Software Development. Coder Factory Academy (Melbourne, Australia) - In progress
Bachelor of Medicine, Bachelor of Surgery(M.B.B.S.). Bangladesh
Coursera : Data Science Math Skill

PROFESSIONAL SKILLS DEMONSTRATED

Physician(Intern)

- Indoor patient management
- Outdoor patient management
- Write script medicine
- Attend operation theatre
- Attend autopsy
- Attend emergency department

TERMINAL APP DEVELOPMENT PROJECTS

Tic-tac-toe: A terminal tic-tac-toe game.
https://github.com/ismatfarjana/T1A2_Terminal_app

Barefoot calculator: A terminal app inspired by the book "The barefoot investor" Scott Pape to help users manage their budget.

https://github.com/ismatfarjana/barefoot_calculator

BMI calculator: A terminal app to calculate BMI based on users input (users weight in kilograms and height in meter squared)
